LETTER OF TRANSMITTAL.

DEPARTMENT OF COMMERCE AND LABOR,
Washington, February 15, 1913.

SIR: By direction of the President, and in conformity with Senate resolution No. 406, of December 12, 1912, I have the honor to transmit herewith lists of the commercial and agricultural organizations of the United States.

The list of the agricultural associations has been prepared through the courteous cooperation of the Department of Agriculture, at the request of the Secretary of this department.

The list of commercial organizations has been compiled in the Bureau of Foreign and Domestic Commerce of this department. That bureau, in the exercise of its functions of promoting commerce and manufacture, maintains close relations with those organizations throughout the United States which are engaged in promotive service for the commercial interests of their districts, and a record of the activities of these trade bodies is kept as a part of the current files of that office. Although this record was fairly complete, it has been supplemented as far as practicable in the time permitted, and the list which is transmitted herewith is believed to be a fairly complete one and to contain the names of practically all the commercial organizations in towns with 2,000 inhabitants or more. An acknowledgment should be made to a number of secretaries of important commercial organizations who have materially assisted the bureau in securing complete lists of associations in certain States.

As the value of the list of these organizations, it is believed, is greatly enhanced if the essential facts in regard to each association are also reported, there has been included as far as practicable with the list of names of commercial organizations herewith submitted a concise statement of the functions of each—its dues, income, number of members, special interests served, and the committees and bureaus under which this service is conducted. With this information, which has been recorded by the use of convenient symbols, it is possible for the business man to obtain a definite knowledge of the character of each trade body listed herewith.

Respectfully,

CHARLES NAGEL,
Secretary.

The PRESIDENT OF THE SENATE,
Washington, D. C.
